

Career Assignment: Cabin Crew

Task: Create and record a safety video!

In your video you need to include:

1. Explain how to secure seat belts.
2. Express in words how to use the oxygen masks.
3. Show using gestures where the safety exits are.
4. Describe how to use life jackets.
5. Add any other safety procedures you think is appropriate.

Here is a video to give you ideas.

<https://www.youtube.com/watch?v=AtMzngYdx4s>

Make your video special to you! You can use props to help the viewer understand why it is mandatory to have safety procedures!
